THE FELLOWSHIP OF AMERICAN BIBLIOPHILIC SOCIETIES is an organization whose goal is to inform member book clubs of news, events, publications, and activities that take place in the book world during the year. The *FABS Newsletter* publishes twice a year to facilitate that goal.

The *FABS Newsletter* publishes on September 1 and January 1. Member clubs are requested to have all information to the Editor thirty days in advance of the publication date, preferably in Microsoft Word as an e-mail attachment. Single subscriptions to institutions and individuals are not available at this time.

Back issues may be ordered through the Editor based on availability for the cost of shipping and handling. Submissions for articles are welcome. All correspondence should be sent to the Editor.
